## JARAH CORPORATE PTY LTD A-Z OF CLIENT PROJECTS

## Adani / Bravus Mining

- Provision of Professional Personnel:
  - Site Senior Executive (SSE)
  - HST Manager
  - Risk Manager
  - Training Coordinator/s
  - Safety Coordinator/s
- Development of SHMS, Training Scheme, F2F induction (mapped to Rec. Std 11), Online Induction and SOP Training and VoC Tools.
- Facilitation of mock Court Trial workshop to familiarise with Industrial Manslaughter.
- Presentations to Board re: Risk, Industrial Manslaughter legislation etc.
- Legislative compliance audit of Mining, Construction and Rail operations across 4 legislations.
- Recognised Standard 22 Implementation Support for Carmichael Coal Mine operations.
- Facilitation of Desktop Audit of WHS System for Off Lease operations.
- Development of Off Lease WHSMS.
- Development of targeted training and assessment programs.
- Development of RII VoC assessments.
- Development of WRAC and Bow-Tie assessments.
- Facilitation of OCE Training & Mentoring Programs.

## AEPMA

- Development and delivery of Field Biologist Training program.

## AngloAmerican (CapCoal)

- Provision of Professional Personnel:
  - HST & Investigation resource
- Facilitation of OCE Training & Mentoring Full and Upgrade Programs.
- Recognised Standard 22 implementation support including Letters of Appointment

and Verification of Competency assessments.

- Facilitation of Risk Owner and BBRA alignment 'Risk Responsibility Awareness' Training Program.

## Ausenco Limited

- Facilitation of Risk Assessments for Fatigue Management & Change of Roster at Capricorn Copper Concentrator.
- Training Scheme and System Audit & Action – including redraft of Training processes, development of TNA and implementation into Safety Management System.

## Batchfire Resource (Callide Mine)

- Provision of Professional Personnel:
  - HST Manager
  - Relief Training Superintendent
  - Relief HST Superintendent
  - Health and Injury Management Specialist
- Facilitation of OCE Training & Mentoring Full and Upgrade Programs.
- Facilitation of Risk Workshop (WRACs).
- Facilitate independent ICAM investigations.
- Training Scheme & Process Audit – including redrafting Scheme, TNA, Assessment Tools (mapped to RII's), legislative compliance mapping, implementation and development of T/A's skills on site.
- Provision of support for the revision, redevelopment and implementation of a CMS system.
- Coordination of establishment and implementation of SAI360 system on site.
- Facilitate ICAM investigation/s.
- Facilitation of Second Party Audit of Training system against newly proposed RS11.

### **Bennett Contracting** *(via ASG)*

- Facilitate independent ICAM Incident Investigations.

### **BHP Billiton**

- Development of the material risk framework in relation to drinking water (provision of Material Risk Specialist support).
- Development of BMA Training Tracks – overarching BHP Coal assets Training Scheme (mapped to legislation, RII's, Field Leadership requirements and Swim Lane responsibilities).

### **BHP Mitsubishi Alliance (BMA) Group**

- Support the standardization and simplification of Asset level processes, systems and documentation.
- Preparation of documents and processes to support the implementation of remote dozers at identified BMA sites.
- RS22 Compliance Framework project.
- Facilitation of RII Refresher/RPL Training.
- Provision of WHS Legislation Training program.

### **Bowen Coking Coal Limited**

- Facilitation of desktop audit of SHMS for Burton Refurbishment of CHPP, Camp and Haul Road.

### **Bluestone Mines Tasmania (BMTJV)**

- Provision of Professional Personnel:
  - Training Coordinator
  - Training Specialist
  - Safety Coordinator
- Develop site wide comprehensive Training Management Plan / Training Scheme and Training Schedule.
- Redevelop training and assessment materials.
- Development of comprehensive TNA.
- Develop competency induction program/s.

- Delivery of accredited skills training, including HRWL.

### **BMA Caval Ridge Mine**

- Provision of Professional Personnel:
  - Training professional for Site Systems and Training Department
- Facilitation of OCE Training & Mentoring Program.
- Audit of Training Scheme, TNA and processes – including redraft of Training Scheme, TNA and Section 55 Management Structure.

### **BHP / BMA Major Shutdowns**

- Provision of long-term Professional Personnel:
  - SSE Compliance Officer
  - Principal Site Systems
  - Mines Compliance Officer
- Redevelopment and rationalization of SHMS & Training Management Systems.
- Coal Mine Operator audit of SHMS.
- Develop and provide suite of online training topics.
- Facilitation of independent ICAM investigations.
- Facilitation of Legislation and Mock Court training programs
- Facilitation of Training Programs on-site – S123 (G189), G2, combined G3 & G7.
- Facilitation of in-depth Layered Audits.
- Facilitation of various Risk Workshops (WRACs).
- Purpose Built Central Gas Delivery and Shutoff System.
- Complete solution for Confined Space Material Risk training and assessment.

### **BMA Non-Process Infrastructure Engineering**

- Provision of Professional Personnel:
  - Site Systems Support Specialist
  - Training Specialist

- Training Administrator
- Fire Warden professional
- Provision of Standard 11 Refresher Training.
- Facilitation of a Contractor Management Audit.
- Development of WHS Management System.
- Facilitation of Risk Accountability training program.
- Facilitation of Safety Management System audit.
- Development of online training package.
- Revision and reformatting Risk Assessment materials.
- Revision and update of Building Wardens procedure.
- Facilitation of WHS Legislation Awareness training program.

### **BMA Peak Downs Mine**

- Provision of Professional Personnel:
  - Senior HST and Investigations resource
  - Mining and ERT Support Specialist
- Acting Risk Owner for Material Risks
- Coordination of Autonomous Dozer implementation.
- Facilitation of Open Cut Examiner training.
- Facilitation of legislative training workshops for various leadership and department teams.
- Facilitation of OCE Training & Mentoring Programs.
- Implementation of Technical Development program for Mining Department as per Recognised Standard 22 (RS22).
- Facilitation of BBRA

### **BMA Saraji Mine**

- Provision of Professional Personnel:
  - Safety Specialist
- Facilitation of Professional Communication Protocols training program.

- Facilitation of Risk Workshops for Saraji and Saraji South Mines.
- Facilitation of Open Cut Examiner training.
- Development of Planned Task Confirmation documents.
- Facilitation of SHMS rationalisation, review and confirmation project.

### **Bounty Mining Cook (U/G) Colliery**

- Provision of long-term Professional Personnel:
  - Safety & Training Coordinator
  - Site Senior Executive
- Redraft of Underground SHMS and Training Scheme.
- Development of TNA and support systems.

### **Brisbane City Council (via ASG)**

- Facilitation of Risk Assessments across Brisbane operations.
- Development and facilitation of WHS Capability Development workshops.
- WHS Capability assessment and development.
- Leadership development program design and delivery.
- Provision of independent investigation services.

### **Careers Australia**

- Facilitation of merge with Master Electricians Australia.
- Development of numerous complete Cert 3, Cert 4 and Diploma Qualifications.

### **Clough Engineering**

- Provision of Professional Personnel:
  - HSE Consultant
- Development of Training Management Plan, TNA and project Skills Matrix.
- Develop suite of VoC templates for onsite training.
- Develop online project induction program/s.

- Develop HSE CMS process to onboard subcontractors.
- Develop and implement Contractor Management System.
- Design and delivery of Effective Project Safety Communications Workshop.
- Development and facilitation of construction industry supervisors WHS Skills Workshop.

### **Coronado Global – Curragh Mine**

- Facilitation of OCE Training & Mentoring Full and Upgrade Programs.
- Facilitation of Open Cut Examiner training.

### **DRA Global**

- Provision of long-term Professional Personnel:
  - HST Advisor
  - Training Specialist
- Development of complete SHMS for QLD Coal Operations.
- Development and hosting of online induction and SOP Training Solution for Gregory Crinum CHPP Operation.
- Development of extensive suite of VoC tools mapped to RII units.
- Review and implementation of SHMS developed for Carmichael Coal Mine CHPP construction.
- Audit compliance and effectiveness of Carmichael Mine CHPP SHMS.
- Development of Management Plans for Carmichael Coal Mine CHPP operations.
- Recognised Standard 22 Implementation Support including Letters of Appointment and Verification of Competency assessments.
- Facilitation of a Root Cause Analysis (RCA) workshop.

### **DWF Lawyers**

- Facilitation of legal privilege ICAM investigations.

### **EDL Energy**

- Development of bespoke Risk Management Training Packages.

### **Engro Power (Pakistan)**

- Facilitation of Hydrogeological study and assessment.
- Adv. Diploma Risk Management training

### **Ekidna Enterprises Pty Ltd**

- Development of SHMS.

### **ERA Ranger Mine**

- Provision of targeted onsite training programs.
- Development of Verification of Competency (VoC) and Familiarisation tools.
- Update Training Standard.

### **Foxleigh Mine**

- Facilitation of OCE Training & Mentoring Program.
- Review of Training Scheme and TNA – provision of report to CEO.

### **Glencore Bauxite Resources**

- Provision of long-term Professional Personnel:
  - HST Superintendent
- Development of Safety Mgt System and Training Scheme for Bauxite Operations.
- Delivery of Supervisory training programs.
- Development and hosting of online induction & SOP training.
- Facilitation of feasibility study & Broad Brush Risk Assessment.

### **Glencore Queensland Metals**

- Development and facilitation of Environmental Management Workshop.
- Development of comprehensive training strategy and legislative mapping guide.

### **G&S Engineering**

- Provision of Professional Personnel:
  - Site Senior Executive (SSE)
  - HST Superintendent (to support Adani Carmichael Coal Mine CHPP Project)
- Provision of Identified SHMS Assessment documentation.
- Conduct Gap analysis of Senior Position Training Requirements.

### **HSE Mining**

- Provision of Professional Personnel:
  - Contract Safety & Training Advisor (for HSE Mining Operations at BMC South Walker Creek)

### **Institute of Quarrying Australia (IQA)**

- Development of F2F and online Supervisor Safety training programs.
- Development and Implementation QLD Legislation Training for Quarry Operators.
- Facilitation of Teleconference based SA Quarry Manager legislation training.

### **Jellinbah Mining**

- Development and implementation of MacKenzie North SHMS & Training Scheme.
- Development and facilitation of all plant & eqpt RII VoC's, SOPs and Induction on site.
- Provision of long term Safety, Training, Risk and Project Management Support to Mackenzie North.
- Facilitation of OCE Training & Mentoring Program.
- Recognised Standard 22 Implementation Support including Letters of Appointment and Verification of Competency assessments.
- Revision and re-drafting of Training Scheme and Management Structure.
- Review and optimisation of the Jellinbah training system and allied processes, including implementation of Damstra.

- Development of BASE Leadership framework for supervisors.
- Restructure and develop induction process and program.
- Facilitation of accredited RII training programs.

### **Juwi Energy (via ASG)**

- Provision of Professional Personnel:
  - HST Specialist
- Development of SHMS.
- Implementation of OFSC framework.

### **Kaipara Limited (New Zealand)**

- Development of Kaipara Quarry Safety Management System.
- Facilitation of F2F supervisor and management training for Brookby and Smyth Quarries in New Zealand.

### **Keyed Up Solutions Pty Ltd**

- Development of SHMS.

### **Kirkland Lake Gold**

- Facilitation of S123 (G189) training programs.
- Development of site TNA.

### **Leigh Creek Energy**

- Facilitation of independent ICAM investigations.

### **Lightsource bp Australia**

- Audit of Principal Contractor against client HSE requirements, ISO45001 and Qld WHS legislation.
- Facilitation of independent ICAM investigations.

### **M+J Builders**

- Development of suite of VoC tools mapped to RII units.

- Development of Integrated Management System (IMS) and coordination of obtaining ISO accreditation.
- Revision of Contractor Safety Management System.
- Development of mapped RII training and assessment programs for S123 (G189) for in-house facilitation.
- Development of bespoke familiarisation tools for specific IMS documentation.
- Provision of remote safety advisory support services.
- Development of Environmental Plans and Registers.

### **Manuka Copper & Gold Mine**

- Development of SHMS.
- Audit and redraft of Training Plan, TNA, Skills Matrix and Training Schedule to suit restart of operations.

### **Martinus Rail** *(via ASG)*

- Development and implementation of Chain of Responsibility process.
- Preparation of Lead & Lag indicators dashboard.

### **Millennium Mine**

- Provision of SHMS Development support.
- RS22 implementation.
- BBRA and WRAC & SOP facilitation.

### **Moorvale Earthmoving**

- Establish and implement multi-legislation integrated Quality, Environment, Safety & Health Management System.
- Accompany HST team through accreditation audit process.
- Development of Safety Working Guides.
- Preparation for OFSC audit alignment.

### **NT Minerals**

- Development of Risk Management Plan & Safety Management System.

### **OSaTI** *(via ASG)*

- Development of mapped RII training and assessment programs for S123 (G189), G2 and other units of competency, plus full Cert 3 & 4 RPL kits.

### **Paramount Training**

- Delivery of bespoke soft-skill training programs (Team building, Time Mgt, Conflict Mgt, People Liaison, Having difficult conversations etc.).

### **Peabody Energy Australia**

- SAWOL (Safety As a Way Of Life) Audits of operations in NSW and QLD.
- Audit of Training Records and Mine Worker Medical Records compliance.
- Recognised Standard 22 Implementation Support including Letters of Appointment and Verification of Competency assessments at various Open Cut and Underground Mines.
- Facilitation of Training Programs on-site – S123 (G189), G2, combined G3 & G7.
- Close out of Coal Mine Operator audit actions and refresh of SHMS across open cut operations.

### **Pinnacle Safety & Training**

- Development of BSB40520 Cert IV Leadership and Management program.
- Development of online Diploma of WHS (BSB51319) program.
- Development of Online S123 & G2 Training programs.
- Development of online and F2F Cert IV WHS (BSB41419) Training and Assessment Program.
- Development of F2F TAE40116 Cert IV program.
- Development of F2F ICAM training program
- Validation of numerous units across multiple Training Packages.

- Facilitation of Cert IV WHS, Cert IV TAE and other training programs.
- Development of WA WHS training program.
- Development of F2F course for Victorian Ports Corporation.

### **Pembroke Resources**

- Provision of Professional Personnel:
  - HST Professional
- Recognised Standard 22 implementation support including Letters of Appointment and Verification of Competency assessments to Olive Downs Complex Operations.
- Development of Non-Accredited Online Training Programs.

### **QLD Department of Education (via ASG)**

- Facilitation of 42 Role Based Risk Assessments (remote and F2F).
- Development of risk profile for QLD roles.

### **Resolute Mediation & Dispute Services**

- Development of Business Plan.
- Development of Company Operations procedures.

### **Sindh Engro Coal Mining Company (SECMC) - Pakistan**

- Provision of auditing and consultancy services on site (Pakistan) and offsite.
- Safety Culture Assessment.
- Development of IS)45001 and 31000 accredited Safety Management System.
- Facilitation of Hydrogeological well behaviour study and groundwater assessment.
- Facilitation of site based Supervisor (S123), G2 and Senior Mgt (G3 & G7) training.
- Development of Field Leadership framework and training program.
- Facilitation of Enterprise Wide Risk Assessment.

- Facilitation of remote Field Leadership Program training.
- Revision and redraft of Hydrogeological Model for Thar Block II Mine.

### **Sojitz Coal**

- Provision of long term Professional Personnel:
  - Relief Training Coordinator for Gregory Crinum Mine
- Audit and re-draft of site Training Scheme and TNA.
- Provision of Induction and SOP training solution for Gregory Crinum Mine.

### **South 32**

- Provision of Professional Personnel:
  - Manager Operations for Eagle Downs
  - HST Manager for Eagle Downs
  - Training Coordinator
- Audit and redraft of Underground Operations Training Scheme, TNA, Skills Matrix, s.55 Mgt Structure and implementation of same.
- Development and hosting of online induction and SOP Training Solution for Eagle Downs Coal Mine Project.
- SOP & key SHMS documentation review and redrafting.
- Targeted training for Underground Mine Manager and Senior Management.
- Recognised Standard 22 Implementation Support including Letters of Appointment and Verification of Competency assessments.

### **Stanmore Resources, Poitrel Mine**

- Provision of Professional Personnel:
  - Site Systems Specialist
  - Training Specialist
- Facilitation of OCE Training & Mentoring Program.
- Facilitation of Legislation Training & Industrial Manslaughter Mock Court.

- PHMP risk and control review.
- Training Scheme and TNA re-development.
- CMSHA s55 and Recognised Standard 22 Management Structure planning.
- Facilitation of targeted training for Senior Management personnel.
- Review and re-draft Training Scheme.
- HSE Strategic Planning and Senior Management team mentoring.
- Mapping of SHMS to ISO45001.
- Revision of SHMS for compliance.
- Audit Emergency Preparedness Plans.
- Provision of Field Leadership Framework Development and Training Program.
- Provision of SSE exam coaching, mentoring and preparation for BOE assessment.
- Development of bespoke legal compliance audit tool.
- Revision of contractors SHMS in preparation for application at Poitrel Mine.
- Revision and report regarding SHMS integration of Red Mountain Infrastructure SHMS into Poitrel Mine SHMS.
- Development of Liquid Nitrogen Handling Training Program.
- Facilitation of Conflict Management and Resolution training.
- Revision of Risk Framework.
- Revision of Letters of Appointment.

### **Stanmore Resources, Red Mountain Infrastructure**

- Mapping of SHMS to ISO45001.
- Revision of SHMS for compliance.
- Revision of PHMPs.
- Audit Emergency Preparedness Plans.
- Provision of Field Leadership Framework Development and Training Program.

### **Stanmore Resources, South Walker Creek Mine**

- Provision of long term Professional Personnel:

- SHMS Specialist
- Provision of Professional Personnel (on and offsite):
  - Training & Administration Support
  - Training Coordinator
- Audit and redraft of Training Scheme, TNA, Section 55 Management Structure and KPI's.
- Development of complete WHS Management System & Training Management System for Braeside Operations.
- Provision of WHS for Supervisors Training Development Workshop.
- Development of Severe Weather TARP Training Program.
- Review of SWC Safety and Health Management Plan and CMSHA s.55 Management Structure Audit.
- SOP Refresh Training remediation support.
- Review and restructure PHMPs.
- Redevelop Section 55 Management Structure and Recognised Standard 22 Roadmap and associated training needs.
- SSE Exam Coaching.
- Facilitation of OCE Training & Mentoring Program.
- Facilitate G3 & G7 Full & Refresher Training Programs.
- Facilitation of Legislative Training for SS&T team.
- Provision of Field Leadership Framework Development and Training Program.

### **State Library of Queensland** *(via ASG)*

- WHS Audit, reporting and implementation of Corrective Action Plan.

### **Sunwater**

- Provision of long-term professional personnel:
  - HS&T resources
- Review of key SHMS and HSE documents.

- Redraft and implementation of incident investigation procedure.
- Development and delivery of 5 Why's Training Program – QLD regional areas.
- Review and improvement of Contractor Management System.
- Provision of WHS for Supervisors Training Development Workshop – QLD regional areas.
- Delivery of Sunwater specific Risk Management & Incident Investigation Training Program.

### **Teach Starter**

- Facilitation of Office Staff Ergonomic Assessments and Office Environment Risk Assessments.
- Provision of Rehabilitation of RTW Coordinator Services.

### **Trescal**

- Facilitation of an independent ICAM incident investigations.

### **University of QLD**

- Collaboration on Risk & Safety topic training solutions for Saudi Arabian Royal family gold mining operations.

### **Various private clients**

- Provision of OCE, SSE, Supervisor and Risk training for private clients.

### **Watson Drilling**

- Facilitate independent ICAM Incident Investigations.

### **Whitehaven Coal**

- Provision of long term Professional Personnel:
  - HSE&T Specialist for Maules Creek Coal Operations
- Compliance and Effectiveness audit of Maules Creek SHMS.

- Redevelopment of the Maules Creek Coal Mine SHMS.
- Development of the Maules Creek SHMS.

### **Xstrata Coal** *(via ASG)*

- Provision of Environmental Superintendent training and development program to reflect legislative changes, environmental best practices and alignment with Xstrata global operations.

### **Yancoal** *(Cameby Downs Mine & Yarrabee Mine)*

- Facilitation of BBRA Review.
- Audit of Training Scheme, processes, records and TNA.
- Development of suite of VoC tools mapped to RII units.
- Development of SHMS for Boonal Train Load Out Operations.
- MSMPER300 Issue Work Permits (release 2) training and assessment package.
- MSMWHS217 Gas test atmospheres training and assessment package.
- Facilitation of OCE Training & Mentoring Programs (Yarrabee & Cameby Downs).
- Facilitation of Recognised Standard 22 baseline audit.
- Facilitation of BBRA for sites and alignment with Enterprise Risk Framework.
- Facilitation of Risk Owner and CCV training.
- Restructure of s.55 Management Structure framework and underpinning Appointments.
- Recognised Standard 22 Implementation Support including Letters of Appointment and Verification of Competency assessments for Yarrabee Coal Mine
- Facilitation of RII40220 OCE Full and Upgrade Training Program, Mentoring and Coaching for BOE assessment.
- Facilitation of accredited RII training programs – 'S123', 'G2', 'G3' and 'G7'

- 
- Facilitation of Risk Owner and BBRA alignment 'Risk Responsibility Awareness' Training Program.
  - Facilitation of Second Party Audit of Training System against proposed redraft of Standard 11 for Cameby Downs Mine.
  - Provision of risk management and systems for CHPP operations at Yarrabee Mine.
  - Provision of Environmental Risk and Systems support at Yarrabee Coal Mine.

### **Zen Meerkat**

---

- Main Distributor and trainer for My Competency Expert™ (MCE) software across Resources Sector.
